HOW TO CITE RULES AND RSMO

RULES

The rules are codified in the *Code of State Regulations* in this system—

Title	CSR	Division	Chapter	Rule
3	<i>Code of</i>	10-	4	115
Department	<i>State</i>	Agency	General area	Specific area
	<i>Regulations</i>	division	regulated	regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation; for example, 3 CSR 10-4.115, NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

Code and Register on the Internet

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

The *Code* address is sos.mo.gov/adrules/csr/csr

The *Register* address is sos.mo.gov/adrules/moreg/moreg

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the Missouri and the United States Constitutions; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) business days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the Missouri Register as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

TITLE 19 – DEPARTMENT OF HEALTH AND SENIOR SERVICES

Division 10 – Office of the Director

Chapter 60 – Professional and Practical Loan and Training Programs

EMERGENCY RULE

19 CSR 10-60.060 Health Professional Loan Repayment Program

PURPOSE: This rule establishes guidelines for implementing the Health Professional Loan Repayment Program (HPLRP) that will reduce the burden of educational debt among selected health care, mental health and public health professionals in return for providing health care, mental health and public health services in areas of defined need.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is

incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

EMERGENCY STATEMENT: The Department of Health and Senior Services ("DHSS") determined that this emergency rule is necessary due to the establishment of the Health Professional Loan Repayment Program under section 191.430, RSMo, paired with the funding appropriated for the administration of this program in state fiscal year 2024. It is necessary to implement an emergency regulation detailing how the Health Professional Loan Repayment Program will be administered to ensure an equitable and expedient distribution of the appropriated funds during the 2024 state fiscal year. Immediate availability of this funding opportunity to health professionals is required to protect the public health and welfare of Missouri's citizens. For these reasons, the State has a compelling governmental interest in having an emergency regulation in place allowing for the equitable distribution of the appropriated funds. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the **Missouri and United States Constitutions**. The Department of Health and Senior Services believes this emergency rule is fair to all interested persons and parties under the circumstances. This emergency rule was filed September 28, 2023, becomes effective October 13, 2023, and expires April 9, 2024.

The department intends to fully allocate all funding in any given year provided that sufficient qualifying applications are received.

(C) Selection of public health professionals will be prioritized by using the following criteria:

1. Public health professionals working in a state or local health department, or public school.

2. The greatest degree of need for public health professional services, utilizing a workforce shortage analysis by qualifying health professional type to population ratios and HPSA scoring if available.

3. To calculate the FPL percentage, the applicant's income is divided by the federal poverty guideline for their household size and multiplied by one hundred (100). The federal poverty guidelines are defined by the Federal Office of Management and Budget under 42 U.S.C. 9902(2), as incorporated by reference above.

4. If the number of applicants exceeds the amount of appropriated funding, and there are applicants demonstrating the same need in their health professional category and equal FPL percentage, the awardee will be selected by a lottery by the department.

1. Awardee's information;
2. Employer information;
3. Contract terms;
4. Verification, waiver, and deferral;
5. Breach and penalties;
6. Modifications/extension;
7. Execution; and
8. The applicant's notarized signature.

(B) The contract period shall be, at a minimum, two (2) years in length.

(C) The contract shall bind the awardee to provisions of the program, including the financial consequences associated with a breach of contract.

The department can waive, in whole or in part, an awardee's service or payment obligation in cases where enforcement of the obligation would be impossible or an extreme medical

or financial hardship and unconscionable. The department may also choose to defer the service obligation in its sole discretion, for up to one (1) year, if the awardee's compliance with the obligation is temporarily impossible or an extreme medical or financial hardship, in lieu of permanently waiving the service obligation.

(9) The awardee shall provide to the department, annually or upon request by the department, a completed employment Health Professional Loan Repayment Employment Verification Form detailing the awardee's employment status and dates of service. This form must also be submitted to the department if there are any changes in employment, or at the request of the department. The Health Professional Loan Repayment Employment Verification Form, published 2023, is incorporated by reference in this rule as published by the department and available on the department's webpage at the following address: <https://health.mo.gov/living/families/primarycare/loanrepayment/pdf/ev-form-hplrp.pdf>. (A) The total amount of the loan awarded by the department or, if the department had already awarded partial forgiveness or waiver at the time of the breach, the amount of the loan not yet forgiven;

(C) An amount equal to any damages incurred by the department as a result of the breach; and

(D) Any legal fees or associated costs incurred by the department or the state of Missouri in the collection of damages.

(11) An awardee who is in breach of contract must pay the total amount owed within twenty-four (24) months from the payment date specified on the cash repayment letter sent by the department to the last known address or email address of the awardee. The cash repayment letter is deemed to have been received by awardee within five (5) calendar days of the date of mailing.

Chapter 60 – Professional and Practical Loan and Training Programs

ORDER TERMINATING EMERGENCY RULE

By the authority vested in the Missouri Department of Health and Senior Services under section 191.430, RSMo 2023, the department hereby terminates an emergency rule effective October 6, 2023, as follows:

19 CSR 10-60.060 Health Professional Loan Repayment Program is **terminated**.

A notice of emergency rulemaking containing the text of the emergency rule is published in the *Missouri Register* on November 1, 2023.

TITLE 19 – DEPARTMENT OF HEALTH AND SENIOR SERVICES

Division 30 – Division of Regulation and Licensure Chapter 1 – Controlled Substances

EMERGENCY AMENDMENT

19 CSR 30-1.002 Schedules of Controlled Substances. The department is amending section (1).

PURPOSE: This amendment updates the Schedules of Controlled Substances to be consistent with 21 CFR Part 1308.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

EMERGENCY STATEMENT: The United States Department of Justice Drug Enforcement Administration (DEA) continually evaluates substances to determine their clinical application and potential for abuse. Based on their evaluation, the DEA issues scheduling actions to place substances in the appropriate controlled substance schedules. The majority of these scheduling actions consist of temporarily and permanently scheduling newly-discovered illicit substances in Schedule I. Proper scheduling of these substances allow law enforcement to take action to prevent the further distribution of these substances. Scheduling substances in Schedules II-V allows practitioners to be informed about the potential for addiction/abuse of the substances and prescribe the substances appropriately. Section 195.015, RSMo charges the department with similarly controlling substances as they are controlled under federal law. Section 195.015.4 requires the Department of Health and Senior Services to submit emergency rules to the Secretary of State within thirty days of a federal scheduling action to allow for similar inclusion, rescheduling, or deletion of controlled substances with this schedule. While

this time frame is difficult to achieve given the various approvals and reviews needed prior to the Department scheduling any rule with the Secretary of State, the Department still acts to effectuate these scheduling actions as quickly as possible. This emergency amendment includes all federal scheduling actions since the last amendment of this rule in 2020. This emergency amendment is necessary to protect Missouri's governmental interest in keeping its controlled substances schedules up-to-date as much as practically possible in order to protect its citizens and to aid law enforcement in its prosecution of those who illegally distribute these substances. As a result, the Department of Health and Senior Services finds a compelling governmental interest, which requires this emergency action. A proposed amendment, which covers the same material, is published in this issue of the *Missouri Register*. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri* and *United States Constitutions*. The Department of Health and Senior Services believes this emergency rule is fair to all interested persons and parties under the circumstances. Subject to section 536.025, this emergency rule was filed September 25, 2023, becomes effective October 10, 2023, and expires April 6, 2024.

(1) Schedules of Controlled Substances.

(A) Schedule I shall consist of the drugs and other substances, by whatever official name, common or usual name, chemical name, or brand name designated, listed in this section. Each drug or substance has been assigned the Drug Enforcement Administration (DEA) Controlled Substances Code Number set forth opposite it.

AUTHORITY: section 195.015, RSMo Supp. [2022] 2023, and section 195.195, RSMo 2016. Material found in this rule previously filed as 19 CSR 30-1.010. Original rule filed April 14, 2000, effective Nov. 30, 2000. For intervening history, please consult the **Code of State Regulations**. Emergency amendment filed Sept. 25, 2023, effective Oct. 10, 2023, expires April 6, 2024. A proposed amendment covering the same material is published in this issue of the **Missouri Register**.

PUBLIC COST: This emergency amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the time the emergency is effective.

PRIVATE COST: This emergency amendment will not cost private entities more than five hundred dollars (\$500) in the time the emergency is effective.

The text of proposed rules and changes will appear under this heading. A notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This explanation is set out in the PURPOSE section of each rule. A citation of the legal authority to make rules is also required, and appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules that are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close-of-comments date will be used as the beginning day in the ninety- (90-) day count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice, file a new notice of proposed rulemaking, and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

VOC may be measured by a reference method, an equivalent method, an alternative method, or by procedures specified in either 10 CSR 10-6.030 or 40 CFR 60. These methods and procedures may measure nonreactive compounds, so an owner or operator must exclude these nonreactive compounds when determining compliance.

[B. The following compound(s) are considered VOC for purposes of all record keeping, emissions reporting, photochemical dispersion modeling, and inventory requirements which apply to VOC and shall be uniquely identified in emission reports, but are not VOC for purposes of VOC emissions limitations or VOC content requirements.]

- [14.]8. Volatile organic liquid—Any substance which is a liquid at storage conditions and which contains one (1) or more volatile organic compounds as defined in this rule.
- [15.]9. Volatility—For purposes of 10 CSR 10-5.540, low volatility materials are defined as those which have a vapor pressure less than or equal to seventy-five (75) mmHg at twenty degrees Celsius (20 °C), moderate volatility materials have a vapor pressure greater than seventy-five (75) and less than or equal to one hundred fifty (150) mmHg at twenty degrees Celsius (20 °C), and high volatility materials have a vapor pressure greater than one hundred fifty (150) mmHg at twenty degrees Celsius (20 °C). To evaluate volatile organic compound (VOC) volatility for single unit operations that service numerous VOCs or for processes handling multiple VOCs, the weighted average volatility can be calculated from knowing the total amount of each VOC used in a year, and the individual component vapor pressure, per the equation in paragraph (1)(E)1. of 10 CSR 10-5.540.
- (W) All terms beginning with W.
- [1. Wall-fired boiler—A boiler that has pulverized coal burners arranged on the wall of the furnace. The burners have discrete, individual flames that extend perpendicularly into the furnace area.
2. Washcoat—A transparent special-purpose coating having a solids content by weight of twelve percent (12%) or less. They are applied over initial stains to protect and control color and to stiffen the wood fibers in order to aid sanding.
3. Washing—Purifying, cleaning, or removing impurities from coal by mechanical process, regardless of the cleaning medium used.
4. Washoff operations—Those operations in which organic solvent is used to remove coating from a substrate.
5. Waterproof resorcinol glue—A two (2)-part resorcinol-resin-based adhesive designed for applications where the bond line must be resistant to conditions of continuous immersion in fresh or salt water.
6. Waxy, heavy pour crude oil—A crude oil with a pour point of fifty degrees Fahrenheit (50 °F) or higher as determined by the ASTM D 97-12.
7. Web—A printing process where a continuous roll of substrate is fed into the press.]

[8.]1. Wet scrubber—An add-on air pollution control device that utilizes an alkaline scrubbing liquor to collect particulate matter (including nonvaporous metals and condensed organics) and/or to absorb and neutralize acid gases.

[9.]2. Wood furniture—Any product made of wood, a wood product such as rattan or wicker, or an engineered wood product such as particleboard that is manufactured under any of the following standard industrial classification codes: 2434, 2511, 2512, 2517, 2519, 2521, 2531, 2541, 2599, or 5712.

[10.]3. Wood furniture component—Any part that is used in the manufacture of wood furniture. Examples include[,] but are not limited to[,] drawer sides, cabinet doors, seat cushions, and laminated tops.

[11. *Wood furniture manufacturing operations—The finishing, cleaning, and washoff operations associated with the production of wood furniture or wood furniture components.*]

[12.]4. Working day—A day, or any part of a day, in which a facility is engaged in manufacturing.

TITLE 16 – RETIREMENT SYSTEMS
Division 50 – The County Employees' Retirement Fund
Chapter 20 – County Employees' Deferred Compensation Plan

PROPOSED AMENDMENT

16 CSR 50-20.120 Additional Provisions. The board of directors of the County Employees' Retirement Fund is amending sections (1), (2), and (4).

PURPOSE: This amendment permits Roth deferral elections and changes the time at which participant deferral elections may become effective.

(1) The following words and terms, when used in this section, have the meaning set forth below:

(B) Account Balance – The bookkeeping account maintained with respect to each Participant which reflects the value of the deferred Compensation credited to the Participant, including the Participant's Annual Deferrals, the earnings or loss of the Trust Fund (net of Trust Fund expenses) allocable to the Participant, any transfers for the Participant's benefit and any distribution made to the Participant or the Participant's Beneficiary. The Account Balance includes any account established under section (5) for rollover contributions and plan-to-plan transfers made for a Participant. **In addition, a Participant's Roth deferrals pursuant to paragraph (2)(A)2., if any, will be credited to a separate subaccount. The Plan will maintain a record of the amount of Roth deferrals in each Participant's Roth subaccount. Gains, losses, and other credits or charges must be separately allocated on a reasonable and consistent basis to each Participant's Roth subaccount and the Participant's other subaccounts under the Plan. No contributions other than Roth deferrals and any direct rollovers from a designated Roth account and properly attributable earnings will be credited to each Participant's Roth subaccount;**

(2) Participation and contributions shall be in accordance with the following:

(A) Election Required for Participation.

1. An Employee may elect to become a Participant by executing an election to defer a portion of his or her Compensation (and have that amount contributed as an Annual Deferral on his or her behalf) and filing it in accordance with such other applicable Plan terms. This participation election shall be made on the deferral agreement provided by the Administrator under which the Employee agrees to be bound by all the terms and conditions of the Plan. The participation election shall also include designation of investment funds and a designation of Beneficiary. Any such election shall remain in effect until a new election is filed[;].

2. At the time of a Participant's election to contribute

his or her Compensation to the Plan, a Participant may irrevocably designate all or a portion of the pre-tax deferrals the Participant is otherwise eligible to make under paragraph (2)(A)1. and the other provisions of the Plan as Roth deferrals. If a Participant makes such an election, such Roth deferrals shall be includible in the Participant's income at the time the Participant would have received that amount in cash if the Participant had not elected to make Roth deferrals. Unless specifically stated otherwise, Roth deferrals will be treated as other (pre-tax) Annual Deferrals for all purposes under the Plan;

(B) Commencement of Participation. An Employee shall become a Participant as soon as administratively practicable following the date the Employee files a participation election pursuant to subsection (2)(A). Such election shall become effective *[no earlier than the calendar month following the month in which]* as soon as administratively practicable with respect to Compensation provided that the election is made. A new Employee may defer Compensation payable in the calendar month during which the Participant first becomes an Employee if an agreement providing for the deferral is entered into on or before the first day on which the Participant performs services for the Employer before applicable Compensation is currently available to the Employee;

(E) Amendment of Annual Deferrals Election. Subject to other provisions of the Plan, a Participant may at any time revise his or her participation election, including a change of the amount of his or her Annual Deferrals, his or her investment direction, and his or her designated Beneficiary. A Participant may also designate the Annual Deferrals made on his or her behalf as Roth deferrals or revoke any such designation. A change in the amount of the Annual Deferrals shall take effect *[as soon as administratively practicable but not earlier than the first day of the first pay period beginning in]*—

1. Except as otherwise determined pursuant to paragraph (2)(E)2., not earlier than the first day of the first pay period beginning in the next calendar year quarter following the receipt of the properly completed Deferral Agreement by the Employer; or

2. If so determined by the county clerk of the Employer, *[the calendar month]* following receipt of the properly completed Deferral Agreement by the Employer, as soon as administratively practicable, provided that the agreement is made before applicable Compensation is currently available to the Employee. A change in the investment direction shall take effect as of the date provided by the Administrator on a uniform basis for all Employees. A change in the Beneficiary designation shall take effect when the election is accepted by the Administrator;

(4) Benefit distributions shall be in accordance with the following:

(K) Rollover Distributions.

1. A *[d]*Distributee who is entitled to an eligible rollover distribution may elect, at the time and in the manner prescribed by the Administrator, to have all or any portion of the distribution paid directly to an eligible retirement plan specified by the *[d]*Distributee in a direct rollover.

2. For purposes of this subsection (4)(K), an eligible rollover distribution means any distribution of all or any portion of a Participant's Account Balance, determined in accordance with applicable law and the terms of the Plan, except that an eligible rollover distribution does not include —

A. Any installment payment under subsection (4)(C) for a period of ten (10) years or more;

B. Any distribution made under subsection (4)(I) as a

result of an unforeseeable emergency; or

C. For any other distribution, the portion, if any, of the distribution under section 401(a)(9) of the Code. In addition, an eligible retirement plan means an individual retirement account described in section 408(a) of the Code, an individual retirement annuity described in section 408(b) of the Code, a qualified trust described in section 401(a) of the Code, an annuity plan described in section 403(a) or 403(b) of the Code, an eligible government plan described in section 457(b) of the Code, that accepts the eligible rollover distribution, or, effective January 1, 2008, a Roth IRA described under section 408A of the Code, to the extent permitted by applicable law. If any portion of an eligible rollover distribution is attributable to payments or distributions from a Participant's Roth subaccount, an eligible retirement plan with respect to such portion shall include only another designated Roth account of the Participant (from whose account the payments or distributions were made) or a Roth IRA of such Participant.

3. A "*[d]*Distributee" means a Participant or the spouse of a deceased Participant. Effective January 1, 2007, a Participant's designated non-spouse Beneficiary may be a *[d]*Distributee but only with respect to an eligible retirement plan that is an individual retirement account described in Code section 408(a) or an individual retirement annuity described in Code section 408(b).

AUTHORITY: section 50.1300, RSMo 2016. Original rule filed Nov. 10, 2005, effective May 30, 2006. For intervening history, please consult the Code of State Regulation. Amended: Filed Sept. 27, 2023.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with The County Employees' Retirement Fund, 2121 Schotthill Woods Drive, Jefferson City, MO 65101. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. No public hearing is scheduled.

**TITLE 5 – DEPARTMENT OF ELEMENTARY AND
SECONDARY EDUCATION**
Division 20 – Division of Learning Services
Chapter 200 – Office of College and Career Readiness

ORDER OF RULEMAKING

By the authority vested in the State Board of Education (board) under section 170.307, RSMo Supp. 2023, the board amends a rule as follows:

5 CSR 20-200.275 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on June 1, 2023 (48 MoReg 955). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*. This rule sets forth the requirements for section 170.307, RSMo Supp. 2023, pertaining to mental health awareness training in Missouri schools.

SUMMARY OF COMMENTS: The board received forty-three (43) comments on the proposed rule.

COMMENTS #1-#42: The Department of Elementary and Secondary Education (department) received forty-two (42) comments from the Missouri National Education Association (MNEA) which included one (1) comment from President Phil Murray, and forty-one (41) comments from MNEA members. MNEA recommends including mental health professionals and using evidence-based research when developing the training; ensuring the training will align with the department's Social-Emotional Learning (SEL) Standards; and verifying districts offer professional development opportunities and allocate time for educators who will be delivering mental health awareness training.

RESPONSE: With regard to the first recommendation, while this comment is not relevant to the proposed rule, the department can provide that in developing the Missouri K-12 Learning Standards for SEL, mental health professionals acted as stakeholders and relied on evidence-based research. No changes have been made to the rule based on this comment.

With regard to the second recommendation, the department agrees that this clarification is needed. Section (2) has been amended.

With regard to the third recommendation, the department appreciates this comment but believes that it is beyond the scope of rulemaking because the statute does not authorize these recommendations. The department currently offers and funds several professional development opportunities for school staff related to mental health. No changes have been made based on this comment.

COMMENT #43: Natalie Cook, Director of Treatment Integration for the Missouri Behavioral Health Council (MBHC), recommends adding a statement to the rule regarding whether schools are expected to follow a standardized curriculum outlined by the department.

RESPONSE: Per section 170.307.2, RSMo, "Instruction shall be based on a program established by the department" (emphasis added). The department will provide best-practice curriculum for local education agencies to adopt. No changes have been made based on this comment.

5 CSR 20-200.275 Mental Health Awareness Training

(2) The mental health awareness instruction shall be aligned to Missouri K-12 Learning Standards for Social-Emotional Learning (SEL), Missouri and/or national standards and course level expectations in health education, physical education, and school counseling and shall address the following domains:

- (A) Defining Mental Health;
- (B) Identifying Strategies for Achieving and Maintaining Sound Mental Wellness;
- (C) Decreasing the Stigma of Mental Health Concerns; and
- (D) Recognizing How to Connect to Services When Needed.
